

Angie Scarr Crafts at Frank's Craft Shop

These projects are best cut on paper or vellum.

Suggested colouring, and uses for your leaves. Can be coloured with alcohol inks, paints or Sharpie type pens. Use a light or medium tack cutting board (in good condition) remove waste paper and leaves carefully as some elements are very delicate. You can use flower wire to mount the leaves together into a plant. For more ideas join me on Patreon.

If you see a warning such as this on any SVG just press continue

Each SVG has a 1" / 25.4mm green square to help you import at the correct scale. It is not part of the design.
